Palmer Home Ringer Tournament

From the Course

We are continuing a wall-to-wall application of MSMA to all of the golf course for weed control. One application will reduce weed populations by around 50% for a cleaner and more consistent playing surface.

Please note the greens Aerification is scheduled for June 20th and 21st. It will take 1-2 weeks for the greens to recover to ideal playing conditions and 3-4 weeks for 100% recovery.

We would like to remind you that during the growing season we will be verticutting and topdressing the greens every 2 weeks. This process is necessary for a smoother ball roll but is likely done on Monday's or Tuesdays so it is un-noticeable by the weekend.

From Tee's

Please keep us in mind for your next family reunion, birthday party, church luncheon or other gathering. Our bar is available for rent any day for your party! We will accommodate your party on Monday or Tuesdays as well (reservations are required). When groups or tournaments have rented the bar, please be mindful give them their space.

Have you been by lately? Come in and see our new décor as we are slowly transforming the front room into an old style pizzeria.
