From the Course

Here in North Mississippi we are not used to having much of a Spring so we have had to be patient with the weather. With some long due warmer temperatures we are beginning to see grass growth on the greens. In a few weeks we will be able to see if the nematode preventatives have been beneficial to the problem areas.

We have built a junior-sized baseball field at the end of the driving range. The field is available for use by anyone who wishes to do so.

Don't forget about Pickleball!! You can use the court for Free and check out the paddles in the golf shop.
